## Retirement bonus

When you start a retirement income stream on or after 1 January 2021 using some or all of your accumulation account in the Fund, you may receive a credit towards the establishment of your retirement income stream account. We refer to this credit as a 'Retirement bonus'.

When you have an accumulation account or a non-commutable account based pension, we set money aside to pay for future capital gains tax when the underlying investment assets are sold. However, when you move from your existing accumulation account and/or your non-commutable account based pension to a Vision Super retirement income stream, your balance is transferred to a tax-free environment. Assets sold in retirement phase are not taxed so Vision Super may receive a tax saving in the future because you have a retirement income stream. The Retirement bonus is credited from this tax saving.

The Retirement bonus may be credited to members of Vision Super Saver (VSSS), Vision Personal (VSP) or Australian Services Union (ASUS) who have been members of Vision Super for at least 12 months, and establish a retirement income stream for the first time on or after 1 January 2021 and your accumulation account/ non-commutable account based pension has been invested in any investment option other than Cash and Diversified bonds, for at least 12 months prior to starting the retirement income stream. This is subject to eligibility criteria being met and other terms and conditions.

The bonus is not available when establishing a Non-commutable account based pension. However, when your non-commutable account based pension becomes an retirement income stream, you may receive a credit at that time.

If you are eligible, the Retirement bonus is credited to the account that is used to start the retirement income stream. Go to [visionsuper.com.au/retire/bonus](https://visionsuper.com.au/retire/bonus) for a detailed outline of the applicable eligibility criteria and other terms and conditions, including the calculation methodology for the bonus. The eligibility criteria and other terms and conditions are subject to change.

The amount of your Retirement bonus (or your transfer amount, if you are making a partial withdrawal from your account to start your retirement pension) may be reduced if it would cause the total used to purchase your pension retirement income stream to be greater than the 'transfer balance cap' (see the Vision Income Stream PDS for more information about the transfer balance cap which is available at [visionsuper.com.au/wp-content/uploads/IncomeStreams-PDS.pdf](https://visionsuper.com.au/wp-content/uploads/IncomeStreams-PDS.pdf)).

If your retirement pension income stream is closed within 12 months of receiving the Retirement bonus (other than in the case of your death), we will deduct 50% the Retirement bonus amount from your retirement income stream pension account balance prior to its closure.

You can call us on 1300 017 589 or by contacting us via [memberservices@visionsuper.com.au](mailto:memberservices@visionsuper.com.au) to find out whether you will receive a Retirement bonus if you apply for a retirement income stream.

### Check out our performance

You can track our investment performance on our website, which displays daily unit prices, monthly investment performance summaries, information on investment options and more.

### Reporting to you

You will receive an electronic annual member statement for the year to 30 June. Our Annual report is published online and can also be mailed to you on request via our Contact Centre.

### Regular super news

Our quarterly member newsletters provide members with regular updates. We also issue various e-newsletters throughout the year.

### Information on request

You can also request other information that is reasonably required to help you understand your benefit entitlements in the Fund. A copy of the Fund's Trust Deed and audited accounts are published online.

### Death benefits

Your death benefit may be paid to any one or more of your dependants and/or your legal personal representative (ie your estate). Where a child is entitled to a death benefit payment, we may determine that the benefit be paid into a trust which has been set up on the child's behalf.

### Dependants

A dependant for death benefit purposes (under superannuation legislation) includes:

- > Your spouse including a person who is legally married to you, a person with whom you have a relationship registered under State or Territory law or a person with whom you live on a genuine domestic basis in a relationship as a couple (such as opposite sex or same-sex de facto partners)
- > Your child (of any age<sup>#</sup> including natural, adopted, step or ex-nuptial child and child of your spouse)
- > A person whether related to you or not who, in the opinion of the Trustee, is or was, at any relevant time, wholly or partially financially dependent on you at the time of your death, and
- > A person in an interdependency relationship with you, as evidenced by a close personal relationship, where one or each of you provide the other with financial support and/or domestic support and personal care and may live together.  
An interdependency relationship can also exist if a close personal relationship exists but the other residential requirements for interdependency are not satisfied because of a physical, intellectual or psychiatric disability that requires a person to live in an institution.

<sup>#</sup> The definition of dependant for tax purposes is different. There may be certain tax consequences of paying a death benefit to a child over age 18.

## Legal personal representative

A legal personal representative (LPR) is the person or organisation you appoint as the executor of your Will or who is appointed as an administrator of your estate if you do not have a valid Will.

### Binding death benefit nominations

You can provide the Trustee with a binding death benefit nomination setting out one or more of your dependants and/or LPR for the payment of any death benefits. A duly completed, valid and effective binding death benefit nomination as at the date of your death must generally be adhered to by the Trustee. The relevant form is available at [visionsuper.com.au](http://visionsuper.com.au) or by calling our Contact Centre. A binding death benefit nomination will only be valid and effective if you complete the form correctly and the person you nominate either meets the definition of a dependant under superannuation law or is a properly appointed legal personal representative. A binding nomination will only be valid for three years and you will need to confirm your nomination at least once every three years if you wish to keep it in place. You can, of course, change your nomination at any time by correctly completing another form.

### Preferred death benefit beneficiaries

If you nominate one or more preferred beneficiary(s), you are only indicating a preference for a certain beneficiary(s) to receive your death benefit. We will consider your wishes when assessing all of the available information but we are not bound by law to follow your preferred beneficiary nomination.

### What happens if you don't have a valid death benefit nomination?

If you don't make a binding death beneficiary nomination or you don't complete the beneficiary nomination form correctly or you complete the beneficiary nomination form correctly but it is not valid or effective at the date of death, we will make the decision about how to distribute your death benefit. Before making any decision, we will consider a number of factors including whether:

- > You had dependants
- > You had nominated a preferred beneficiary
- > There is a LPR acting on behalf of your estate.
